JBA junction box series

The JBA series of junction boxes are just part of the range of control products manufactured to meet the various requirements for complete lighting systems. Every junction box is manufactured to our high standards from a basic termination box to an isolated daylight controlled box. Complimented by their own range of fixing bracketry all junction boxes are installation & maintenance friendly.

Installation

Optional Mounting Brackets available for wall mounting, ladder stringer pole or leg fixing.

Technical Data

Self Extinguishing Polycarbonate Enclosure
MCB load protection
IP 65 rated - Ambient Temperatures -20° to +50°C
Quick release hinged lid
Standard current rating 2amps max (Optional 10 amp version)
Isolating Switch complies with BSEN 60947
DIN rail mounted components
Available Voltages
220-240 VAC +/- 6%
110-120 VAC +/- 6%
48 VDC +/- 2.5% nominal
24 VDC +/- 2.5% nominal
12 VDC +/- 2.5% nominal Installation Optional Mounting
Brackets available for wall mounting, ladder stringer pole or
leg fixing.

Construction

Polycarbonate CT enclosure hinged lids with quick release stainless steel
Screws Inner sub chassis with DIN rail mounted components.
